A Special meeting was called for this evening Dec 20. by the Chairman Mr C.C. Hensell
Members Present - Pres. C.C. Hensell Vice Geo. C Ostien Jos. Augustine James Walker
Dr Charles H Reber absent.

The call for the meeting was as follows
The call for the purpose of bringing before the Commissioners the payment of Water for Fire Protection and any other business the President or other member of the board may present.

Chairman asked for reading of the communication from the Penna. Water Co. as follows.
It is now more than three years since the Penna. Water Co has received from Wilkins Twp. any payment for Public Fire Protection. On Sept. 30 1935 the Twp. owed the Water Co. more than $12,000.00 for Fire Protection which the Water Co. has furnished since July 1932 and almost $1,000.00 interest on deferred payments, so that at present time the Twp. owes the Water Co. more than $13.000.00.
We must insist that the Twp. shall pay this bill or at least that it make a substantial payment on account, otherwise we shall be obliged to take legal proceeding to collect or else apply to the Public Service Commission for permission to discontinue Fire Protection until payment has been made. The Co. is not willing to continue to service any further without payments.
We appreciate the difficulties that the Twp. is encountering due to unpaid taxes, but we feel that having extended credit for three years, the Water Co has been reasonably considerate.

Yours Truly
H. C. Hawley
Superintendent.

After the reading of this letter the following motion was made.

Motion by James Walker seconded by Geo. C Ostien that the Township pay to the Penna. Water Co the sum of Four Thousand Dollars $4,000.00 this sum to include the credit of taxes to the extent of $789.60 vouchers to be exchanged between the Twp. and the Water Co. Before payment is made the Commissioners to get the advice of the Township Solicitor regarding the legality of the same. Mr. Theo H Schmidt appeared at the meeting. He advised the Commissioners they were within their right to make payment if they had so ordered. and a warrant was drawn for the same.

Aye and nay vote requested.

Resolution by Mr Neibl seconded by Mr Dannico that all penalty be abated on delinquent occupation taxes same to be collected by the Treasurer without Commission Carried.

Mr Sholder Chief of #1 Fire stated that Fire equipment in #1 Co was in very bad condition that the pumper was not working at all, and Service Truck was not safe for heavy loads as brakes were not working properly

Mr Bassara advised that money for Hose only had been appropriated for during year of 1939. and if Fire Truck must be bought we would have to find some other means for purchase of same.

Mr Jones. Complained on Condition of Mc. Masters ave said that something would have to be done to remedy the Condition and said that they were willing to do anything in order to Cooperate with the Boro of Conn but did not think Commissioners gave them a fair deal.

Mr Bossara in answer to Mr Jones. said that application for W.P.A. project had been filed to complete this work. but same had not yet come thru he also advised Mr Jones that we had appealed to County Comm for aid to the Amount of $10000.00 in order to get this street under way but to date had not received any word from the County Comm. and called on Mr Goodwin who is a member of planning Board to enlighten the procedure of planning Board.

Mr Goodwin addressed the Citizens in regards to planning Board duties and advised Mr Jones that planning Board would probably grant aid on Mc Masters ave. and asked Mr Jones. to have citizens draw up a petition and explain their Condition on this street ~~and that he thought~~ this would have some bearing on having Board make grant for County aid.

Mike— Representative of Sandy Glen hall asked Board if anything could be done to repair street at Workers Hall. Mr Bossara to have Board to investigate same

Mr Aiello talked on Water question said that Boro of Conn had no right to pay the $300.00 per year per mile for Water Rental as some Townships do not have to pay for this Rental - Mr Schmidt advised Mr Aiello that Contract was firm clad and there was nothing else to do. but to pay for these bills. as he had been in Harrisburg. and talked to the Public Service Commission and there was no possible chance of breaking this Contract

4.) Mr. C. A. Roberts local agent for said company spoke of changes that company proposes to do after the 15th of Jan, which changes were approved by the Dept of this Commonwealth, and that after Jan 16th this company will be in line with other companies.

5.) Mr. Gordon A. Spencer spoke about the bid that he submit from Continental Casualty Co, stating that he didn't state right premium in his bid, because Board's advertising called for 5 trucks, instead 1 hauling trucks and 4 Fire trucks. So to a affect that premium on Fire trucks is great deal higher than on dump trucks, and he wished to read his corrected bid.

Chairman Mr. Niehl ruled, that if he reads his corrected bid, it will not be fair to other two bidders, since they were present at this meeting.

6.) Moved by Mr. Augustine, seconded by Mr. Rose, that the Board rejects all bids due to the defective advertising, and that bidders submit new bids at solicitors office in Turtle Creek, 3.30 P.M. Jan 6-1940, at which time Board will reconsider new bids.

16.) Discussion about to purchasing Fire Truck:-

Mr. J. Yost, and Mr. J. Sholder representing No 1 Fire Comp. spoke on this subject, and asked the Commissioners to transfer the title of old truck over to "Citizens Boosters Committee", and that this committe will trade this old truck in, and buy new truck, pay so much down on it, obligate themselves to the company for the monthly payments so there will no burden to commissioners whatever. Mr. Augustine in his expressed opinion thought, that such an deal will not be proper procedure on part of Commissioners.

Mr. Straley asked solicitor, Mr. Schmidt, whether or not Board of Commissioners will be charged for old truck, in case Booster's Club fails to make payments to the company, and company takes the truck back way from them, in which case we would'nt have any Fire Truck?

Mr. Schmidt answer was: It would be possible, but he thought, that present truck wasn't worth anything anyway.

After the lenghty discussion on this subject, it

was moved by Mr. Rose, seconded by Mr. Straley that we turn old truck over to Citizen's Boosters Committee, providing: that contract between Boosters Club Committee and Howe Comp. from whom Fire truck supposed to be purchased, is approved by our solicitor Mr. Schmidt.

Roll call on this motion was: Augustine Aye. Straley. aye, Rose aye, and Riehl aye.

All members present voting yes. (motion carried)

He also spoke in connection with the supplies, such as: gas, oil, small parts and other services for Fire Trucks, which he can get in Township, and closer to Fire Company. President Mr. Riehl ordered this matter to be turned over to Mr. Straley, chairman of Fire and Police.

2.) Mr. Jos. Yost spoke on behalf of Boosters Club Committee, and he criticised in general action of lot of our citizens, for not only cooperating with the Club, but for their agitation against the Club, since they they spreading propaganda that this Club belongs to Mr. E. H. Woodburn, despite the fact, that Club is doing everything possible to raise enough funds to purchase new Fire truck.

3.) Mr. Dominic Aiello spoke in connection with the already passed motion concerning the claim of Mr. W. J. Wilson, whose claim was turned down by Board.

Mr. Aiello feels, that this was very serious matter, and should it be turned over to our solicitor Mr. Schmidt for investigation, before Board of Commissioners made their final decision.

Mr. Aiello also spoke in connection with the steps leading from the Greensburg Pike up to Dorothy Street, were our Township had several claims already, and one was of very serious nature, because Township had to pay several thousands dollars in damages, he recommends that Board should barricade those steps, since they more benefit to people living in Chalfont Boro. than they are to those living on Dorothy Str, because they can easy walk around the poke.

There being no further business, it was moved by Mr. Rose, seconded by Mr. Straley, that Board adjourns this meeting, and meet again Saturday Jan 6, to reconsider newly submitted bids on Fire Truck Insurance.
All members voting yes. (Motion carried.)

Jan 6 - 1940.

President - Michael V. Blagovich

Secretary to the Board.

Wilkins Township, Pa, Jan 10-1940
N° 1 Fire House.

Wilkins Township Board of Commissioners held their special meeting on above date, and members were present as follows: Mr. Augustine, Mr. Ayers and Mr. Straley. Absent: chairman Mr. Niehl and Vice chairman Mr. Rose Sr. Since chairman Mr. Niehl was absent and also Mr Rose as Vice chairman, Mr. Augustine was appointed acting chairman of this meeting.

He called the meeting to order at 9.10 P.M. and announced purpose of the same, that is, that this meeting was purpose to be joint meeting of Board of Commissioners and officials and committee of Citizen's Booster Club, whereby some plans should be worked out concerning the purchase of new fire truck for N° 1 District, and that decision was made for joint meeting at last Booster's Club meeting held on Jan 9., last Tuesday.

He also outlined in details procedure that Board of new and old Commissioners took with the committee of the Booster's Club towards the purchasing of this fire truck, stating that old Board donated amount of $ 600.00, that old Board succeeded to get W. E. Mfg Co interested on this deal of purchasing this fire truck, and company donated $ 300.00, and that there isn't truth that Booster Club raised $ 1394.00, since they only raised $ 494.00, and that new Board of Commissioners are ready to cooperate with any constractive movement whereby all our citizens will be benefited by such move, but he was much in doubt that Booster's Club is willing to cooperate, since either officials or committee are not present here tonight.

2.) Mr. Straley spoke on this subject, and explained how Booster's Club committee were going to draw up agrament with the agent of the company for fire truck last Saturday, without any consent of Commissioners, despite the fact that Commissioners would have to furnish supplies, fuel, carry insurance, and also keep up with the monthly payments, if Club wouldn't be able to do so, and after the solicitor Mr. Schmidt told him about intention of committee, he told Mr. Schmidt not to draw up any agreements for any committees or Bodies, because he felt that Board of Commissioners were only legally authorized body to make any deals in

our Township, because they are elected by all citizens, and from all Clubs, and not only from Booster Club, he also stated very clear, that as Commissioner he never will vote in favor of any Club to purchase fire truck or anything else, but he will vote to buy this truck whenever Commissioners decide to buy one, that fire company would recommend

3.) Mr. Ayers spoke also on this subject, and he agreed 100% with Mr. Straley and Mr. Augustine, that Board of Commissioners should buy this fire truck and not any individual Clubs. Mr. Ayers also categorically criticized officials of Booster's Club for not being present at this meeting, upon which they insisted themselves last Tuesday night and their meeting.

Mr. Ayers also stated that he has his wife sick in hospital and he should be there, but since he thought, that this meeting was of great importance to our community, and he made his business to attend it, he feels, that officials of the Booster's Club should did the same, and there is no reason why they are not here.

4.) At this time Mr. Augustine called upon all citizens at this meeting individually to express their point of views as to price, quality, and proper body, who should purchase said fire truck, because Commissioners are ready to serve all citizens of our Township, and fulfill their wishes, and therefore I like to know sentiments of every one present.

Following citizens took part in this discussion:
Mr. Beveridge, Mr. Niehl, Mr. J. Watt, Mr. Thomas Kirkpatrick Pres of Fire Comp, Mr. Johnson, Mr. McCane, Mr. Morgan, Mr. Jack Niehl, Mr. Henry Straley, Mr. Kotsas Chief of Fire Comp, Mr. Beveridge and Mr. Blagovich.

After the lenghty discussion in which biggest majority of citizens present at this meeting took part, they favored fair price fire truck, best quality for the money that we can get, and that Board of Commissioners should be only authorized body to purchase this truck.

Since majority of citizens gave their sentiment that Board of Commissioners should be the party to purchase this Truck, it was moved by Mr. Straley, seconded by Mr. Ayers, that secretary writes a letter to secretary of Booster Club Mr. Sholder, and ask him to get officials of Booster Club, and have them meet Board of Commissioners

as soon as possible, and that Sunday would be only suitable day, since some members have to work during the week, and they can't very well attend these joint meetings. Booster Club officials can designate place and time where they wish to meet, and that they should notify secretary in returned letter about their decision as to place, and time that such joint meeting shall be held, where both parties will come to some understanding once for ever, so there will be no further delays in purchasing this fire truck which we badly need. All members present voting yes. (Motion carried).

There being no further business, Board adjourned 10.30 P.m

Wilkins Township, Pa
Feb 5-1940

Wilkins Township Board of Commissioners held their regular meeting on above date at No 1 Fire house, and members present as follows: Chairman Mr. Nicht, Vice chairman Mr. Rose Sr., Mr. Augustin, Mr. Straley and Mr Ayers.

1.). Chairman Mr. Nicht called the meeting to order at 8 P.M.

2.). Secretary read the minutes from regular meeting held Jan. 1st 1940, and special meeting held Jan 10. 1940, and following corrections to these minutes were made: As to regular meeting of the Board to reconsider bidds on Fire Insurance premium held Jan 6. which reads that Board held this meeting at solicitor's office, Mr. Schmidt advises the secretary that he makes correction, since Board can not hold legally their meeting any other place except place which was designated by resolution of Board, that is No 1 and No 2 Fire House, and that was enacted at committee meeting. As to special meeting held Jan 10, which reads: that Vice Chairman Mr. Rose being absent at this meeting, under the remarks Mr. Rose stated that he came to said meeting, and waited till 8.10 but no one else was there, and that he was told by Mr. J. Sholder that meeting was postponded till Jan 15, and than he went home, With the corrections minutes were approved as read.

3.). Report from Committees:

Mr J. Augustine as the chairman of Roads, made the report, stating: That several streets were icy and Road Supervisor is doing his best to have some ashes spread on those street, and out side of that that roads were in fair conditions. He also made the report on W.P.A Project by which Board intends to complete Mc Master Ave, and also improve several other streets in our Township, he said that project was well on the way, and we expecting word of Approval most any day by Government authorities.

4.). Mr. Charles Straley chairman of Police and Fire made his report, stating the progress, except that No 1 Fire Comp. had very poor equipment to fight the fires in Township, and he feels, that Board of Commissioners should take immediate action to furnish this fire Comp with new Fire Truck and other minor equipments

5.) Mr. Edw. Ayers, as chairman of Water and Light Committee made the report, stating: that we dont have lights in township and as far as water was concerned, he reported the progress, but he also made the complaint that was brought to his attention, that at the recent fire at Mr. A. Yost building firemen didn't have enough water pressure to fight the fire, and he felt that matter should be investigated.
Chairman Mr. Niehl answered the complaint of Mr. Ayers, stating, that fire company at Mr. Yost building had plenty of pressure, but at some other places in Township there is lack of water pressure according to latest check up figures that Mr. Niehl read to Board after he turned matter over to Mr. Ayers to be investigated.

5. Report of Finance Committee:-
Mr. Richard B. Rose, Chairman of this committee made the report on the claim of Mr. W. J. Wilson, whose claim was turned down by Board at two previous meetings.
Since Mr. Wilson was threatening the Board with law suit about damage for his injury, Mr. Rose formed the committee of three: himself, Mr. Augustine, and Mr. Straley and on Jan 21 they went to see Mr. Wilson at his home, and to get exact pictured of his injury. After the conversation with Mr. Wilson Mr. Rose felt that Board should pay something to Mr. Wilson for his claimed injury, and he made motion to that afact, which was seconded by Mr. Augustine, and which motion would cancel previous motion not recognizing any claim from Mr. Wilson.
Under the remarks of said motion Mr. Straley as one of the committeeman stated: That he can't understand why Mr. Rose at this time favors to pay some damage to Mr. Wilson, now, when all three of them agreed at the time that they went to see Mr. Wilson, that he didn't have no case, or ground upon which he can verify his claim, Mr. Straley also stated the advice of our solicitor Mr. Schmidt at previous meetings, who also stated that Mr. Wilson didn't have no case as far as any damage concerns, and therefore, he was against of paying any damage, to Mr. Wilson.
Under the remarks solicitor Mr. Schmidt again stated: that he fully agrees with Mr. Straley, that Mr. Wilson didn't have the case, but, if he intends to take this into Court, it will cost Board of Commissioners much greater amount of money then this claim, since it could be settled for very small

amount, regardless whether we win or lose in Court.
Mr. Schmidt also cited the case of East Caln Borough Council, were they refused to pay small damage, party concerned took the case to Court, case lasted 5 days, and their attorneys fee was $100.00 a day, or $500.00 during the trial without any other expenses.
Mr. Schmidt also stated: that he is being our solicitor for last 7 years, and that all of minor claims were settled out of courts, that they were all settled approximately with $100.-
After the lenghty discussion on this subject, Mr. Augustine withdrew seconding Mr. Rose's motion for reconsideration of Mr. Wilson's claim, but Mr. Rose demanded, that is motion stays in minutes.

6.) Treasurer's Report:
Secretary read the report from Mr. B. H. Godwin for month of Jan, which shows: that Mr. Godwin collected during the Jan taxes in amount of $619.09, less 5% commission $588.14
from R. Smith for permits 20.00 " 1% " 19.80
Total collected $639.09, less $31.15 commission, Total $ 608.94.
Since money was deposited in the bank on Feb 2. 1940, this amount will be included in Feb receipts.
After the secretary read Treasurers report, he told chairman Mr. Niehl, that he has comment to make in connection with Mr. Godwin's report.
Secretary stated: that is of vital importance that Treasurer Mr. Goodwin makes his report every end of the month, with itemized statement of all persons paid their taxes during that month, as well as amounts that they paid, and that such report he sends to secretary without any delays, so secretary can prepare his monthly report and present it to Board of Commissioners for their approval at regular meeting.
Secretary also stated, that he told Mr. Godwin verbally long before this meeting, why is of such importance to have his itemized monthly statements, and that Mr. Goodwin agreed to furnish those before this meeting, but he fail to fulfill his promise. Secretary asked Board of Commissioners to insist of getting these reports from Mr. Goodwin on time if they wish to have up to date financial standing of township at exact figures every end of each month, because State Code provides what each officer of the township suppose to do.

Chairman Mr. Nicht called upon secretary to read section in the Code dealing with Treasurer's duties. Secretary read the section 1716 of State Code, which is self explanatory as to controversy that risen between secretary and Treasurer in connection with monthly financial reports. After the reading of State Code, it was ruled: that Treasurer Mr. Goodwin should fully comply with the Code in the future, and make his monthly reports accordingly, to which Mr. Goodwin agreed.

7.) Board of Health report:

Secretary read the report from Mr. R. Smith secretary of Board, notifying Board of Commissioners, that at annual meeting of Board of Health following officers were elected for year 1940: Pres. John P. Vechter, Vice Pres. Alex Pieniadz, and secretary Robert Smith.

Mr. Kirkpatrick, Kerr and Morgan spoke as representives from Booster Club, bringing the message to Commissioners that at last Club's meeting it was recomended that Board of Commissioners should purchase the truck, but that the amount shouldn't exceed $4.000.00. Mr. Goodwin as chairman of Club spoke on same subject and he also feels that Board of commissioners financially are not in position to pay any larger amount for truck.

Mr. Joseph Hosbach also agreed that we can't afford to pay much more for fire truck, if we don't want to raise our millage, by which property owners would be well effected. He also stated that his taxes runs him about $600.00 a year now, and still he doesn't get any fire protection, but he is willing to pledge him self for some amount towards buying this truck, but he is not in favor of raising the millage.

Mr Marks spoke, and he said that he already pledge and paid $12.00, and he is willing to pledge himself for $17.00 providing that Commissioners buy good truck.

Chairman Mr. Niehl, and all other commissioners expressed their views in connection with purchasing this truck, and after lenghty discussion in which several citizens took part, it was moved by Mr. Straley seconded by Mr. Rose that Board of Commissioners readvertise for fire truck, and that committee from

Fire Company and Booster Club get together with commissioners on day that bids will be open, and decide what truck and what price they going to consider.

6.) Report from Board of Health. (None)
7.) " " Police Officers . (None)
" " Fire chiefs. - (None.)
8.) New business:-
Since Mr. H. A. Shope Twp. engineer was present at this meeting, Mr. Straley ask Mr. Shope to explain about the contract that we have with him for his service as engineer, Mr. Straley stated, that we already paid him some amount of money for work done on streets that are included in W.P.A. Project, for which we just received letter of approval by Government authority, and since his contract calls for two ways of paying you for your service, we like to know how we are obliged to pay? By 4% on total amount of project or pay you whenever we need you to do the work.
Mr. Shope answered to Mr. Straley: That Commissioners are obligated to pay him only for work that he actualy does in Township, and when he is called out on job, but that should be clearly understood that he is not insisting on any commission from W. P. A. Project whatsever, and Mr. Shopes answer was well understood by all commissioners.
Secretary asked Mr. Shope, about bill that he present for month of Feb, in which he charges 4 days draftsman $8.00, and in Jan. his bill called for 19 hrs for draftsmen or $ 38.00.
Secretary thought there may be some mistake made and work was charged twice to us. Mr. Shope answered, that there was no mistake, and bill presented for Feb for draftsman it was suppliment to work done in Jan.
Mr. Albert Rosebach asked Mr. Riehl if he would be permitted to ask Mr. Shope question in regards to boundary line between Wilkins and Penn Township, and what progress has being made to establish that line. Mr. Shope answered that he doesn't know anything about boundary line, because work was done by former engineer Bayne, and that he never turned anything to him as far as boundary line concerns. Whether Mr. Bayne finished it or not, I dont know. Mr. Riehl asked Mr. Shope what should be done to get that line established, since our Township

that

is losing $ 1.500.00 in taxes annually, which are gone to Penn Township. Mr. Shope answered: That only thing that could be done, if Mr. Bayne has the line established, and if he has tracings and blue prints, it would be necessary for Commissioners to demand those from him, than it would'nt be much of job to establish the line, but if he has no those tracings and prints, than has to be surveyed over, and of course that would turn into money.
Upon recomendation of Mr. Shope it was moved by Mr. Straley, seconded by Mr. Augustine, that Board of Commissioners demand at once from Mr. Bayne former engineer all prints and tracings, since it is considered Township property because we paid plan for it, and that secretary write him a letter to that affect. All members voting yes. (Motion carried.)

In connection with the above ruling it was also moved by Mr. Rose, secended by Mr. Augustine that no further payments be made, or warrents issued to Mr. Bayne on his claim for his services in Township, untill he turns all prints and Tracings to our new engineer Mr. Shope, and that secretary should notify him at once about decision made at this meeting. All members voting yes. (Motion carried.)

Chairman Mr. Riehl informed the Board, that several property owners and citizens brought to his attention about necessary Water hydrant for fire protection to be relocated on Orchard Str, and that Wish Board of Commissioners would have one put in, so it would cut down on their Fire Ins. premiums. Mr. Shope informed the Board, that he already did relocate desired Water plug, and also one on Cline Str, and if Commissioners write to Water Comp, chances are that they would put them in rightway.
Moved by Mr. Augustine, seconded by Mr. Rose, that secretary writes letter to Water Company, and have them relocate these two water hydrants. All members voting yes (Motion carried)
9.) Citizen Complaints and Suggestions:-
Mr. Leppert from Brown Ave Holford made the complain about old road which is in very bad condition, and he

wishes to know, what Board of Commissioners intend to do about improving the conditions of the same. Chairman Mr. Niehl informed Mr. Leppert, that that road still belongs to the County since it is County highway, and Township never took it over, therefore, there is nothing that Commissioners can do to remedy bad existing conditions on said road at present time.
Mr. Louis Maggioro made the suggestion, that Board of Commissioners should hold one special meeting every month only to hear complaints from citizens, because at regular meeting there is always lot of bills, communications to read and discuss and takes great deal of time, so citizens don't get no chance to place their complaints and suggestion to Board of Commissioners.
Chairman Mr. Niehl promised Mr. Maggeiro that Board of Commissioners will take his suggestion into consideration, and will try to arrange to have such special meeting for any matter outside the regular routine of business.
At this time Chairman Mr. Niehl announced, that we are going into discussion about purchasing new Fire truck for No 1 Fire Company, which is very badly needed. He ask several citizens to express their opinion as to make and price of this trucks.
First he called upon Mr. Edw Kerr, chairman of the Booster Club Committee to give Commissioners some idea as to price and make of the truck that Booster committee decided.
Mr. Kerr in behalf of Booster Club committee spoke, and he informed chairman Mr. Niehl, that committee met, and decided on only one job, that is standard Howe-Fire truck for price of $ 4.900.00 because they felt that citizens will not be satisfied with commercial chassis, and standard equipment especially I for one, will not be in favor of Ford chassis and standard equipment.
Upon Mr. Kerr's recomendation, chairman Mr. Niehl answered that Boosters Club committee with such recomendation don't show any cooperation, because Board of Commissioners don't intend to go any higher than $ 4.000.00, because they can't afford it, since we have W.P.A Project approved, where will require $ 15.547.00 to improve streets in our Township.
Mr. Straley spoke on this subject, and he fully agreed with chairman Mr. Niehl, that Commissioners can not go above $ 4.000.00, because besides necessary amount of money to use on W.P.A, Mr. Straley also mentioned that both Fire

Companies needed at least 400 feet of house, some Boots, coats, hats, and other equipment, which will run into money, and for this reason he is in favor of Ford chassis and La France equipment, which will not run over $ 3.700.00
Mr. Ayers also spoke, and agreed with Mr. Straley, also he stated that he couldn't see why Booster's Club committee is opposed to Ford chassis because he said that he has had Ford Truck for years, and that he always gets good service out of it, besides a good service, if any time anything goes wrong, you can easy get the parts for it and replace them without much expenses to the Township.
Mr. D. J. Aiello member of Booster Club Committee spoke on same subject, and he expressed himself in favor of Dodge chassis and standard equipment, or Howe-standard etc.
After lengthy discussion in which several citizens took part, as well as Commissioners, it was moved by Mr. Augustine, seconded by Mr. Ayers, that Board of Commissioners should purchase this Fire Truck, and that same should be as follows: One V-H-47 Dodge chassis 160" wheelbase $ 1.300.00 Amer. La France standard equipt with 500 gallons Pump. at the cost of $ 2.750.00
Total cost for complete job - - - - $ 4.050.00
Less allowance for old Graham Truck 200.00
3.850.00
less allowance Fed. Forem & Tax
Net cost to Twp $
Roll call on this motion: Augustine-yes, Straley-yes-Rose-yes, Ayers yes.-and Niehl, yes (Motion carried.)
After this motion was carried, Mr. Niehl asked Mr. Edw Kerr to insist of having that money turned over to Commissioners from Booster Club, so the Board can proceed with purchasing this truck without any further delays. Mr. Niehl also instructed Secretary to get in touch with Mr. Fielding in Ogh, and to have him present his contract to Mr. Schmidt, solicitor for approval on Mar 8th at solicitor's office in Battle Creek.
There being no further business Board adjourned 12.15 a.m

Wilkins Township, Pa
May 7 S 1940

Wilkins Township Board of Commissioners held their Special meeting on above date, by order of chairman Mr Niehl at No 1 Fire House Bldg.

Members were present as follows: Chairman Mr Niehl, Vice chairman Mr. Rose, members: Mr. Straley, Mr. Augustine, and Mr. Ayers.

Chairman Mr Niehl called the meeting to order at 8:15 P.M., and he announced, that purpose of this meeting is: That Board of Commissioners at this meeting should make definite decision about purchase of new Fire truck for No 1 Fire Company, since this was deadline of our advertising for bids on this Fire truck, — He called upon every individual citizen at this meeting, committe from Booster Club, and Firemens, as well as rest of the members of the Board, to express their opinion what kind of Fire truck Board should purchase.

Mr. Edw. Kerr chairman of Booster Club committee took the floor, and he stated: That majority members of Booster Club when they discuss fire truck question among them selves privately, they seems to be in favor of good Fire truck, but when they come to meeting, they will not vote, or express them selves openly, why they don't do it, Mr. Kerr said that he doesn't know.

Mr. T. Kirkpatrick spoke in behalf of Fire Comp. No 1 as president, and expressed his opinion in favor of best fire truck that our Twp. can afford to buy.

Mr. R. Kotsas fire chief was also in favor of good truck, as well as several firemens present at this meeting.

Chairman Mr. Niehl in his brief talk stated: That always in the past Fire Company No 1 was under the impression that it wasn't getting enough from Commissioners, now when they have chance to get good truck, they don't want to express their opinion, and with such action, they only prolonging delay of purchase of this Fire truck. Mr. Niehl also announced, that under no circumstances he will sign any contract with Howe-Fire Apparatus Co. since their Salesman last Monday-nite announced that he is willing to give 10% kick-back if we purchase his truck. Mr. Niehl made it clear that as the Commissioner he is not looking for any kick-back, but that

he is looking after the interest of Twp. citizens and tax payers as whole, he called upon rest of the members of the Board to express them selves about purchase of this Fire truck, since it is of vital importance.

Mr. Augustine made it very clear, that despite all of criticism from certain individuals in our township in the past, as the Commissioner for last 7 years, he served and worked only for the interest of all of our people in township, and that from very begening of first proposal to purchase this Fire truck he was in favor of good truck, and that he is still in favor of good truck at this meeting tonight.

Mr. Straley expressed himself that he is in favor of any truck that citizens in No 1 District may want, but he expects Board of Commissioners to invest just as much money in Fire truck for No 3 District when the time comes, as they going to invest in this Fire truck.

Mr. Ayers also expressed himself in favor of good truck, but he also stated, that majority of citizens that he spoke to about this Fire truck in his district, they seems to be in favor of Howe equipment.

Mr. Rose expressed his opinion, that he is willing to go for any Fire truck that majority citizens in No 1 district may wanted.

Mr. Emanuel ask chairman Mr. Niehl, if we do purchase best truck, what garantees commissioners will give that millage of taxes will not be inreased.? Mr. Niehl answered: That if Booster Club goes along with the commissioners in the future, and since they already have $ 1.300.00 pleadges and if they raise $ 3.500.00, Board of Commissioners will manage to take care of rest of the amount without raising taxes.

After lenghtly discussion on this subject, in which several citizens took part as well as Board of Commissioners, it was Moved by Mr. Augustine, seconded by Mr. Rose, that Board recinds the previous motion carried at regular meeting held May 4, which reads: That Board of Commissioners should purchase Dodge Chassis with La France standard equipment. (All members voting yes. Motion carried.)

standard fire equipment Truck, providing that Booster Club turns over to Commissioners $ 1.400.00 that they hold for purchase of this truck. Roll call on motion: Augustine yes, Straley - yes, - Ayers - Yes, - Rose. No. - and Riehl yes. (Four members voting yes) One member voting no. (Motion carried)

Upon recomendation of solicitor Mr. Schmidt, who was present at this meeting, Mr. Augustine offered in form of Resolution, which was seconded by Mr. Rose, that Board of Commissioners take out $ 8.500.00 out of #1 Sinking Fund which is accumulated surplus and lay idle in bank, and apply said amount on certificate of Indebtedness of 10.000.00 to Turtle Creek Bank and Trust Company, so in case we need any money for W. P. A Projects, we will be able to borrow from them as short term loan again. Roll call on Resolution: Augustine - yes, - Straley - yes, - Rose - yes. - Ayers, yes, and Riehl yes. meeting May 6-1940.. Roll call on motion. Augustine Yes, Straley Yes, and Rose yes. (All members voting yes. Motion carried)
Moved by Mr. Augustine, seconded by Mr. Straley that Board excepts the bid from Mr. A. W. Hosbach for stone & gravel, and that Mr. Schmidt solicitor draw up agreement between Board of Commissioners and Mr. Hosbach, which should be approved by Board at next regular meeting May 6-1940. Roll call on motion. Augustine yes, - Straley Yes. and Rose Yes. (All members present voting yes. Motion carried)

This time solicitor Mr. Schmidt brought to Board's attention original agreement between former Board of Commissioners and Hosack, Specht and Woods, as Public Accountance, whose bill for $75.00 for proffesional services was tabled down at February's Board regular meeting.
Said agreement bears the signature of former secretary Mr. J. S. O'Brien, and it is dated Apr 18-1938, by which this firm was hired for period of 5 years, ending 1943 at annual fee of $75.00.
Mr. Straley questioned the legality of said agreement, since it is signed only by secretary, and also since there isn't anything in the minutes that would show whether or not Board as all acted in awarding said contract.
After the discussion matter was tabled till next regular meeting of May 6, where all members will be present and they will get chance to act upon the same.

Mr. Schmidt also turned over to Board copy of the contract that he received from Ward Eastpance Truck Corporation, who approved said contract for purchase of new fire trucks by Board of Commissioners. Said Contract secretary to have placed on Township file for use on delivery of fire trucks.

Solicitor Mr. Schmidt also brought to Board's attention matter in connection with property owned by Mr. Blonski situated at John and Dorothy Streets, which property was Shariff sold in 1931, but through some one negligance, Wilkins Township fail to collect liened taxes against said property at the time of Shariff sale, and these taxes still remain on the dockets against said property. Morgagee that took the property over at the time

of sale, now has party that wishes to buy this property, but with the understanding that these taxes are satisfied. Present owner is willing to pay face value of these taxes but he wants Board of Commissioners to exhorate him from Penalty and Interest amount of $58.00, if not, he is going to file Petition in the Court to wipe out all deliquent taxes on said property which amounts to $160.00
Mr. Schmidt's recommendation was: that Board exhorates said Penalty and Interest, because if this matter goes to Court, Township is liable lose all taxes, since they they neglected to collected them at the time of Shariff sale.
Mr. Straley spoke about this matter, and he expressed himself against Mr. Schmidt's recommendation, because he felt that regardless who sells the property, and when it is sold, taxes must be satisfied before new owner can get clear title, after the discussion, this matter was tabled till regular meeting May 6, and mean time that Board investigates as to proper procedure before any final approval is made by the Board at next regular meeting.

Solicitor Mr. Schmidt also turned over to Board of Commissioners list with 196 names of property owners whose taxes bring liened for several years back, and now have to be revived, list was submitted to him by Mr. J. J. Kassouff, who also asks $148.00 for preparing this list, and one warrent to be made for $196.00 to the order of Mr. William H. Fraher Prothonotary for filing said revivals of these liened taxes.
Mr. Schmidt stated that this has to be done right way, because deadline for filing these suggestions was May 1.
Mr. Straley disagreed with Mr. Schmidt, about right way business, wherever there is hundreds of dollars involved of tax payers money, and this matter was tabled untill Board checks up on this list, and finds out whether it is worth of while to revive all liens, since most of them carriee between $100 and $700 taxes. Mr. Schmidt stated that we must revived them all, since all these taxes are pleadged against 1938 Bond Issue, but matter was left for further study of Board till next regular meeting.
There being no further business, it was properly moved and seconded that Board adjorns.

7.) Mr. Straley asked solicitor Mr. Schmidt how we stand with Pennsylvania Water Company.
Mr. Schmidt in answer to Mr. Straley brought out copy of suit that was entered by Penn. Water Comp. in April 1938, stating: That rumors being gone around, that that case never was entered on Court Dockets, and that he is in position to approve to Board that case was in Court. Besides the papers, Mr. Schmidt ask Mr. Rose to go with him to Court and copy the same of Court Dockets. Mr. Rose verified Mr. Schmidt statement by reading copy of records that he found on Court Dockets.
Mr. Straley said that he was one who doubted that this case ever reach the Court, since there is nt anything in the minutes, or on file of Commissioners office that would show anything about this Law suit. He also stated that he went to Court where he discovered that this case was on Court Dockets, but also he discovered that case was settled on April 7-1940 between attorney Geo Craig representing Penna Water Company and and Mr. Schmidt representing Board of Commissioners of Wilkins Township. Mr. Straley asked Mr. Schmidt when was he authorized to settle this case without any consent from Board of Commissioners, and as yet, this Board don't know the terms how case was settled. Mr. Schmidt stated that there was no settlement to it, that attorney Craig walked in his office on Apr 7, and asked him how his hearth was, then he pulled out check for $ 9.719.18 in favor of Wilkins Township Board of Commissioners. Mr. Schmidt said that he almost got shocked, because he didn't know where all that money was coming from. After attorney Craig told him, that that money was due Township, as an reimbursement on Water Line layed 1928, Mr. Schmidt asked him what about suit that is pending in the Court, attorney Craig told him, that with this settlement case will be withdrawn by Company, and that he was authorized by the company to withdraw, and satisfy the Court Docket, providing that Mr. Schmidt goes along with him. Mr. Schmidt says that he went with him, he withdraw the suit and they both placed their signatures on Court Docket, and that was all to it.

Mr. Straley wasn't satisfied with Mr. Schmidts explanations because he settled this case on April 7, and at the meeting in his office on Apr 4, he told Commissioners, when Mr. Straley asked when that case will come for trial, he plainly stated: may be month, two or three, or may not come till next September. Again at nother meeting in his office on April 7th, Mr. Straley asked him about case and check that he was supposed to have for Commissioners, Mr. Schmidt admitted that he had the check, but he didn't want to tell amount because he is trying to get some interest from the Water Company, but already he had this case settled three weeks prior to this meeting.
Since this matter was very important, Secretary Blagovich thought it was his duty to go into history of this matter, and he asked Chairman ffo the floor.
Secretary stated that since Mr. Schmidt admitted that he didn't know where money was coming from, that he knows, because after I took office as secretary, it was my first duty to check up on the file of various documents, among other papers he discovered Ordinance from 1928 which deals with said water line where Township spent close to #7600 00 for water line. Later on I found Agreement between Penna Water Company and Wilkins Township Board of Commissioners, which agreement was approved by Public Service Commission whereby Water Company obligate it self to reimburse the Township for that amount of money during the period of 20 years, or before.

On Feb 15th I went to Penna Water Comp. in Turtle Creek and contacted Mr. Davis, submitting to him agreement and copy of our Ordinance dealing with said Water line. After Mr. Davis read it, he said that I was perfectly right, but since this case is beyond his time, matter had to be taken up with Wilkinsburg office, although Mr. Davis promise to help everything he can to bring this matter up to date.

Very some day I called Mr. Straley up, and I told him what I found, and asked him to go with me to Wilkinsburg as one of the Commissioners to have this matter checked, we set the date for Saturday Feb 14 to contact Mr. Davis again, and I made the appointment with him. After talking the matter over with him, he insisted again, that we take that matter with Wilkinsburg office, because that was Company main office was.

On March 9th me and Mr. Straley went to Wilkinsburg, and contacted Mr. Fox, who promise to take of this matter, but he directed us back to Mr. Davis in Turtle Creek, and that he is going to speak to Mr. Davis about this matter over the telephone. We come back to Mr. Davis and told us, that they going to check on this matter right away, and probable it will take 7 or 10 days, and that I should come back on 18th, at which time he expects have this ready for us. On 18th Mr Davis called me up and told that he didn't get statement from Wilkinsburg yet, but if he gets it next day, that he is going to call me up. Next day on Mar 19. He called me up and told me to come down, and that he had everything ready. I went down and after he told me that we had only $ 760.00 coming, I notified Mr. Straley about the matter, and I told him that we have more coming to us, also I ask Mr. Straley to go back to them and see them again. Next day we both went down and told Mr. Davis, that we will not accept that amount, because we felt that Township was entitled to more money, and before we accept any such amount, that we are going to check not only taps on this water line, but also other obligations that company agreed upon, at the time line was put in in 1928.

Mr. Davis promised to recheck all thing over again, and let us know before our regular meeting Apr 1st. Following Saturday me and Mr. Straley went out to check up on Water taps, starting from Linhart up Harrison Road No 3 Hill, up to New Junior High School, down Church Hill Road, and No 7 Hill.

On 28th Mr. Davis called me up and told me to come down to his office, and that he had very - very good news for me. I went down to his office, and told me that Your Township is getting almost $10.000.00, but he also stated that this case was: I owe you, and you owe me, therefore these two legal points has to be settled between your and our solicitor, but check already was made out, and turned over to your solicitor Mr. Schmidt, and no doubt he will have report for you Monday nite.

At the regular meeting April 1st, Mr. Schmidt fail to make any reports pertaining to this matter or about settlement, or at Special meetings, even he stated at the meeting on Apr 4 when questioned by Mr. Straley when that case was coming for trial, it may be 6 month, two or three, or may not be up till next September. At the meeting on 7 April again Mr. Straley asked him about the check, he didn't want to let us know, because he is trying to get some interest from them, despite the fact that already he had case settled on April 1 according to Court dockets.

After lenghty discussion Mr. Schmidt turned the check over to the Commissioners, but since Board couldn't agree as to what fund this money should be deposited, President ordered Mr. Schmidt to hold check over and find out definitely in which Fund would be proper to deposit the money.

Solicitor Mr. Schmidt again brought to Commissioners attention Blonski's property, where present owner is willing to pay liened taxes at the face value, but wishes to be exonorate from penalty and interest by Board of Commissioners, if not, that he is going to petition the Court to wipe out all taxes, and sell a property to prospective buyer. Mr. Schmidt recommended to the Board that they exonerate said property from Penalty and interest, and to except face value of taxes involded, because he feels that it is better to get 175.00, and lose $ 58.00 than it is to lose everything.

Moved by Rose, seconded by Augustine, that Board authorizes Mr. Schmidt to release said property from Penalty and interest, and get face value of these taxes, and satisfy County Docket. All members voting yes. (Motion carried.)

11. Citizens Complaints: -

Mr. Robert Rocevella made the complain about the road around his place, he wished to know if Commissioners could do something about it. Chairman Mr. Riehl ordered this matter to be turned over to Road Committee for investigation.

Mr. J.W. Kelly, made the complaint about Brown Ave Hollow road, he also spoke in behalf of Mr. Hardie about the wall along side of his property, and he asked Commissioners

if there was anything that they can do about it. Chairman Mr. Wehl informed Mr. Reilly and Mr. Hardie, that that road still belongs to County, and that County promised to improve that road long ago, and why they don't, Nobody knows, but since said road is under County Jurisdiction, Board of Commissioners can't do anything to improve bad existing conditions on said road.

Mr. D. J. Aiello brought to Board attention about Fire Comp No 1 that wishes to apply for charter, and since this is connected with certain expenses, he asked Board for some donation to help defray these expenses getting the charter.

Moved by Straley, seconded by Rose, that Board of Commissioners donate $75.00 to Fire Company No 1 towards the getting said charter. All members voting yes. (Motion carried.)

There being no further business, it was moved by Straley, seconded by Rose, that we adjourn this meeting. All members voting yes, (Motion carried.) Board adjourned 11.45 P.M.

12.) Auditors Report for 1939:
Secretary read the Auditors Report for year 1939, signed by all three Auditors, dealing with 1939 Audit of Township accounts, also they had several comments, on which they asked for explanation from Board of Commissioners, as to proper transaction made in last years business as well as to keep seperate account in the future of Township Payroll, so the Dept of Labor and Industry can easy check up on Premium of Compensation Insurance.

13.) New Business:-
Secretary informed the Commissioners, that he had consulted Mr. Roberts, Ins. Agent in connection with necessary Collision Ins. on new Fire truck, and Mr. Roberts promised to have policy issued and delivered without any delay, so could be forwarded to Ward La France Corp. according to agreement that we signed with them at the time truck was purchased. Mr. Roberts also recommended that our Twp should carry Public Liability Ins. to cover all accidents that may accure on our streets and side walks, and that premium on such insurance would'nt run more than $60.00 or $70.00 a year. After the secretary's explanation, and approval of solicitor Mr. Schmidt, who agreed with this plan 100%, it was moved by Mr. Straley seconded by Mr. Rose, that we carry such Liability Insurance. All members voting yes. Motion carried. And secretary to notify Mr. Roberts.

Moved by Augustine seconded by Ayers, that Twp. Depository T. C. Bank and Trust Co, be instructed to furnish Bond in amount of $75.000.00 to protect and safe guard Twp. deposit during the year 1940. All member voting yes. Motion carried. and Bank to be notified.

Moved by Mr. Straley, that on all bills in future, vote should be taken by Roll call, and each member votes aye and nay. No one wanted to second Mr. Straleys motion, and Chairman Mr. Niehl asked solicitor Mr. Schmidt, what he thought of Mr. Straley's motion. Mr. Schmidts answer was: That State Code don't specify such ruling.

Moved by Rose, seconded by Ayers, that all bills be paid when properly O.K. by committee, and when funds are available. Under the remarks Mr. Straley made the following statement:
Due to the a fact, that we hired Steam shovel from Roches Bros to work on Mc Master ave Project only one day for $50.00, and due to the a fact that shovel worked only 1 day and 7 hrs, and due to the a fact that Roches Bros demand now, 7 days work for shovel or $100.00.

and due to a fact, that Roches Bros was hired to work with steam shovel in Hosbach quarry to remove top soil of stones only for 3 days, tthan some of the commissioners authorize them to work 9 days and 2 hrs, but still we didnit get any wall stones from said quarry, and Roches Bros present the bill for $678.74 for quarry alone, and due to the a fact that all these transactions were done outside of our meetings, and there is no agreement of any kind, or anything in our minutes as matter of records dealing with tax payers hundreds of dollars, Therefore, I, as one of the Commissioners, disapprove action of rest of the members on the Board for paying these bills, and I exclude myself of any responsibility as to payment of these bills, as they are submitted for payment, I also disapprove action of rest of members of this Board for paying to J. J. Kassouf $148.00 for reviving the liens of taxes from prior years, since Mr. Kassouf admitted at the joint meeting with the School Board, that that was our solicitors duty, providing that he gets enough salary.

Since our solicitor Mr. Schmidt is getting $500.00 a year and since he only draw up couple of small agreements in last 6 months, which could it be drawn up by our secretary in no time, it is justified that he should look after these revivals, and not J. J. Kassouf, I also wish to, and hereby exclude myself from any responsibility paying this bill of $148.00 to J. J. Kassouf.

$75.00 I also exclude myself from any responsibility of paying to Hasack Specht and Woods for professional services rendered in connection with our Boards and State tax which job our secretary can handle without any trouble, for salary that he gets at present time, in above mentioned cases I feel, that tax payers money are spent and nothing accomplished, and this statement I insist to be recorded as future evidance of good faith, and best interest to the tax payers and property owners of Wilkins Township.

Moved by Mr. Rose, seconded by Mr. Straley that

we pay $650.00 to Ward LaFrance Truck Corp. as down payment on exceptance of truck according to a agreement with them. All members voting yes. Motion carried.

There being no further business, it was properly moved and seconded that we adjorn. All members voting yes. Motion carried and Board adjourned 11. P.M.

Wilkins Twp Pa, June 6-1940.

Wilkins Township Board of Commissioners held joint special meeting with No 3 Fire Company at the Franklin Fire House Bldg, and members were present as follows: Chairman Mr. Nicht, Vice Chairman Mr. Rose Mr. Straley and Mr. Augustine. Absent Mr. Ayers.

Mr Shafer President of #3 Fire Co called the meeting to order at 8:00 PM and he announced that this meeting supposed to be regular Fire Co Meeting but since Board of Commissioners decided to meet Fire Company to nite we are ready to turn this joint Meeting over to them so they can proceed with it. He asked Mr Nicht to take Chair and proceed with meeting.

Mr Nicht took chair and proceeded with the meeting by calling on Mr Shafer to outlines the purpose of joint Meeting

Mr Shafer stated, that purpose of this Meeting was to ask Board of Commissioners if they would go along with #3 Fire Co to purchase New Fire Truck for them same as they did with #1 Fire Co. since Money was available, and that #3 Fire Co did not expect any more from the Board of Commissioners than they gave #1 Co.

Chairman Mr Nicht asked Members present at this meeting to express their opinion so we can come to some understanding with #3 Fire Co

Mr Augustine spoke the subject and he thought that the Board of Comm Cant go into purchasing of New Fire Truck because did not appropriate any thing in 1940 budget for such purchase but they may be able to do something in Next years budget

Mr Straley took the floor and he did not agree with Mr Augustine because Mr Augustine did not know himself how financially we stand he asked Chairman Nicht, to let the Secretary outline Financial standing of our Township, so we will have something to go by

Secretary read the financial report and he also outlined several appropriations that so far have never been touched yet, Amounting to close to $1000.00 and that Commissioners can easy purchase this, specially since we received almost $10000.00 from Penna Water Co.

After lengthy discussion it was moved by Mr Straley seconded by Mr Rose that we advertise for Bids for new Fire Truck, bids to be opened at special meeting July 8th 1940 at Franklin Fire House, and that Board of Commissioners give toward this Fire Truck, as much as they did to No 1 Company that is $1250.00

Wilkins Twp Pa June 20th 1940

Wilkins Twp Board of Commissioners held their Special Meeting on above date at #1 Fire House and Members present as follows Chairman Mr Neibl, Mr Ross Augustine Straley and Ayers.

Chairman Mr Neibl Called the Meeting to Order at 8:00 PM and he announces that he called this meeting for the following reasons. First that We have in his possession Warrant that Secretary Blagovich issued to Rockes Bros. for $769.14 and signed it under protest, and as such, that Treasurer Mr Goodwin refused to sign it for fear that his Bonding Company will not Stand for such Check

Chairman Mr Neibl demanded explanation from the Secretary Secretary Blagovich made the following explanation

Do to the fact that this check involves $769.14 of tax payers money and that section of the State Code provides that any material or equipment that has to be used on Township streets in excess of $500.00 Board of Comm must advertise 2 weeks in local papers asking for Bids, and after getting such bids they must award bids to the lowest bidder

And do to the fact that all transactions in Connection with Rocky shovel was done outside of Township, not only this that the Commissioners, did not advertise and with such action they entirely ignored the State Code, but they also did this deal outside of Twp; and not at the Meeting whereby we don't have anything to show in our Minutes about this deal for $769.14 of tax payers money under such circumstances to protect myself from going to jail is signed said check under protest

Secretary also cited the Case of North Braddock School Board were just recently the Secretary and two members of the Board were indicted by Court for the same thing or not as bad, he also told Chairman Neibl that at last regular meeting held on June 3rd he told Commissioners that to protect himself he is going to sign check under protest

Mr Straley fully agrees with action that Secretary took especially when we dont have any Contract with Mr Hosbach. that Board of Commissioners would be sure that they will get at least some stone to cover some of the money that is involved in this Stone shovel

Mr Straley also stated that if he had anything to do with this check he would put two more protests on it

Second Charge- Chairman Neibl brought out to Copy of letter that Secretary sent to State planning Commission, and asked Secretary to read it Secy read it and then Chairman Neibl Neibl asked him who authorized him to write to State planning Commission this letter, and tell them that Wilkins Township did not have no money Secretary answered him that at this time he write the letter wilkins Twp didn't have no money because Board of Commissioners were ready and they passed the Motion to borrow $10000.00 from Turtle Creek Bank to run them Townships it is true that the Twp received almost $10000.00 from Penn Water Co but way after the letter was sent to Harrisburg and if wouldn't been for Secretary and Commissioner Straley this money never would Come to Twp

Third Charge - Chairman Neibl asked the secretary what he had on the Minutes about the money received from Penn. Water Co Secretary told him that he entered in the Minutes what history from beginning to the end

and that it Covers 4 pages & it. Whereby he Can't answered word for word, he asked Commissioners at regular Meeting May 6th if they would Secretary to read that & history & Water question and that they did not want them to be read it, they Coming back even, and demand Verbal history but if they wish minutes will be read at next Meeting

Upon explanation from Secretary on all above charges Chairman Reikle demanded resignation from the Secretary and in turn Secretary told him he will not resign unless he didn't have any charges against him that would justify his demand and also since Secretary that is all in state Code, by which Board of Comm. must govern themselves by but they are welcome to dismiss Secretary anytime they see fit

After the Secretary answers Chairman Mr Reikle entertains the Motion that Secretary Chair be declared Vacant. Moved by Mr Augustine who also made remark that he put Secretary on and that he is going to take him off that Secretary's Chair be declared Vacant, Motion was seconded by Mr Ayers

Roll Call on Motion Augustine yes Ayers yes Ross yes, Straley no - Reikle yes. 4 Voting yes and 1 Voting no Secretary was given Honorable Board & Commissioners. Chairman absent. Mr Schmidt Solicitor to act as Secretary

Mr Straley reported that due to Complaint which he received he appointed Mr Ceryanic as a Policeman until July 1st 1940. He sent Mr Ceryanic to justice of peace Berger to be sworn in, he further states that he spoke with Commissioners Augustine and Ross and received their approval of his having appointed Mr Ceryanic as a temporary Police Officer

Moved by Mr Augustine seconded by Mr Ayers that the appointment of Mr Ceryanic as acting Police Officer until regular Meeting on July 1st 1940 be approved. Motion was passed

Mr Straley asked the Solicitor relative to a charge of Rockey of $90.00 for the hire of Steam Shovel. The Solicitor answered that if the Commissioners hired the said Steam Shovel at $50.00 per day even though the shovel was actually operated only one & 1/2 days the Twp would be liable for the use of said Steam Shovel for the Rate of $50.00 for each day or part of day.

Mr Straley reported that a railing on Dorothy St steps should be erected as there is likelihood that some one may be injured

Mr Augustine spoke at length regarding status of Twp tractor. He reports that it will cost approx $600.00 to rebuild and that at the present time it is merely taking up space. as to present condition in Case one be sold as junk

Moved by Mr Ross seconded by Mr Augustine that the Secretary advertise the Tractor for sale thus Motion carried

Mr Augustine stated that Mr Kelley & Brown Apt had reported to him that Beaver on Ivy St was clogged up by stone and dirt and stated that person would be cleaned out

Mr Augustine also reports that it is desirable that Scraper be hired to level off roads there was much discussion relative to this and a suggestion was made that Scraper be hired by the day, said Scraper to be under direct supervision of Road Supervisor

Moved by Ross seconded by Straley to adjourn
