

Help for Families Impacted by COVID

Allegheny County has committed an additional \$2 million to programs through the United Way that support those who have been most impacted by the pandemic. An additional \$1 million will go to the United Way for its Students and Families Food Relief Fund (SFFRF). These meals supplement existing resources in the county including those programs offered by school districts, summer food programs, the Greater Pittsburgh Community Food Bank, and other food pantries and programs. Another \$1 million has been committed to the United Way Emergency Basic Needs (EBN) Network.
